

An internet program called PARENT CONNECT is available that allows parents to connect to the student information system of the Calhoun Area Career Center (CACC). Parents can log on to a secure website and see current school information for their students who attend the CACC. The information is immediate, wide-ranging, and may include the following:

- School and classroom news
- Enrollment information and daily attendance
- Grades and Schedules
- Links to contact staff

Using PARENT CONNECT requires a computer connected to the internet and a PARENT CONNECT account. Accounts are free of charge and will remain active until your child leaves the CACC. Complete the information below and return to the Student and Career Services office at the CACC for access to PARENT CONNECT. **Your PIN will be sent to your email address.**
