Extended Learning Opportunity - Consequences and Interventions

Understanding: Write down any insights or new/different ways of thinking that you came across during your reading. Notice what words, phrases, and sentences caught your attention and caused you to pause to do some additional thinking. *Please identify the page number and be prepared to share your reason for choosing it.*

Some insights I had while reading…

Questioning: Write down a few questions that you had about this selection. What were you wondering about while you were reading? Did you have questions about what was being described? How things fit together? Just try to notice what questions popped into your mind while you read, and jot them down, either while you read or after you're finished.

Questions I had about this reading:

Things to Remember: Record special statements or ideas of the reading that you would like to look back on and remember. The idea is to help people notice the most interesting, and/or important sections of the text. *Please identify the page number*

Summarizer: Generate a brief summary of today's reading. Provide a statement/bulleted list that conveys the gist -- key points, the main highlights, the essence -- of today's reading assignment.
